# PRODUCT GUIDE

**EDITION 25** 

### **EXTENSIVE PRODUCT RANGE**

Availability excellence is our mission. Several big Midlands based warehouses and production facilities hold millions of pounds worth of products and components ready for rapid despatch to valued customers throughout the UK and Europe.

### **DESIGNED & MADE IN THE UK**

Introducing Design Soft Seating – designed and crafted in-house for exceptional comfort, durability, and style. Made with high-quality fabrics and cushions, each piece offers ergonomic support for all-day comfort. Available in a range of colours and textures, perfect for creating versatile spaces that enhance both productivity and relaxation.

#### **FAST DELIVERY**

Our dedicated fleet of vehicles, and strong partnerships with key specialist logistics partners, means we achieve express delivery. Just as importantly our low damage model means items are in A1 shape when you receive them.

### TRY BEFORE YOU BUY

Before investing in an excellent quality chair why not test drive it first? Our sample service means you can try a product you are interested in for up to a week to ensure it "fits" you.

### **VALUE ADDED SERVICE**

From a single desk to a full office fit-out, our highly experienced delivery & installation teams deliver to any floor (subject to access), unpack, assemble and put in place. They even take away the packaging.

Not a fan of building a chair yourself? Our prebuild service has you covered! Receive a chair that has been hand-built, quality checked and signed off ready for you to use straight away.

### **GUARANTEED QUALITY**

All our products carry a full warranty, backed by our UK based company, covering up to 10 years. Our confidence in the quality we achieve safeguards your investment in these exceptional office interior creations.

### **SPACE PLANNING & CAD**

If you are looking to create a larger new office space with multiple workstations let us help you with our planning service.

It will ensure you make the most efficient use of your valuable space and create a pleasant environment.

### **WEBSITE**

You can learn more about our products, their features and benefits as well as look at specification sheets, exciting videos and extra image content by going to the website of our manufacturing partner at:

www.dynamicos.co.uk

### **DESKING**

We provide a wide range of options suitable for various environments, including contract-based and modular systems, classic desks, collaborative bench setups, and ergonomic Sit-Stand choices for health-conscious individuals.

Our offerings go beyond individual workspaces, encompassing solutions for boardrooms, meeting rooms, training facilities, conference spaces, breakout areas, and home offices.

# **AIR BACK-TO-BACK SIT-STAND**

# HEIGHT ADJUSTABLE DESKING

Sedentary working has now become widely recognised as one of the biggest health threats in the modern office.

Employees sitting at desks for long periods of time risk a possibility of developing a variety of conditions. Our Sit-Stand height adjustable desking provides a solution to the workplace health challenge.

By using our Sit-Stand desking with a choice of four widths, three frames and seven finishes, users will enjoy better general health that will also improve their efficiency at work.

Healthy and happy employees equal increased productivity and efficiency.

### CRAFTSMANSHIP

Dual motors effortlessly elevate and securely uphold a maximum load of 120kg on your adaptable desktop.

### **FEATURE RICH**

Feature rich design includes 3 pin and USB power sockets and data cable points.

### **USER FRIENDLY**

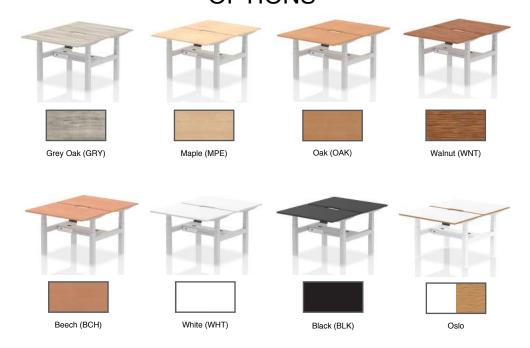

The units are equipped with four memory presets, allowing you to store preferred positions for sitting, perching, and standing, with an extra slot to spare.

### **EXTEND**

Furniture that grows with your team: Air Back-to-Back furniture's bench format means that this desk range can seamlessly grow with your team.

HASC18

# **OSLO** RANGE

In Norway, they call it design fortreffelighet, we call it design excellence. Oslo bench desking is the embodiment of that philosophy.

It melds beautifully structured polar white desktops with a polished solid timber curved leg. The natural tone of the wood legs is reflected with a highlighted desktop edge that blends with the natural wood hue. A flyover desktop appears to float above the strong frame giving a spacious look to the ensemble.

Wire management has been created with a triple port design to the tops enabling cables to be fed through a large central scallop or a side cable wave at each end. Even uneven flooring is no problem with discreet floor levellers fitted on every leg to adjust to different planes.

The white tops are made from high-grade MFC which are heat and stain resistant and provide every office with a Scandinavian oye appell (or eye appeal as we say).

# **OSLO BENCH DESKING**

# **BUYING GUIDE**

### 1.) 25MMTHICKTOPS

The superior thickness ensures a durable workspace that withstands heavy workloads and regular use.

# 2. SCALLOPED EDGE CABLE MANAGEMENT

The desk tops feature a central scallop cut-out, allowing easy integration of cable management, monitor arm clamps and power accessories.

### BUILD YOUR DESK SET UP

#### STEP 1

SELECT YOUR DESK OPTION
CHOOSE BETWEEN A STARTER DESK OR
A BACK-TO-BACK POD OF TWO

# STEP 2 SELECT YOUR POD SIZE CHOOSE BETWEEN 2, 4 OR 6 POD OPTION

### Options:

# **3. NATURAL LEG COLOUR**

A natural wood finish brings a warm, elegant touch to complement any office décor, creating a polished, professional

# (4.) EXTENSION KIT

Expand your existing bench desking with a single or back-to-back extension kit to create additional working space whenever needed.

# ADD YOUR DESK ACCESSORIES (SEE PAGES 29 & 88 FOR THE FULL RANGE)

ADD ON 1 **SCREENS** 

ADD ON 2 ADDITIONAL CABLE **MANAGEMENT** 

ADD ON 3 **CABLE SPINE** 

ADD ON 4 MONITOR ARMS

# **OSLO** BENCH

Inject some Scandinavian design delight into your workspace with the Oslo Bench. The natural wood legs support a flyover desktop in stunning polar white with a wood highline contract edge.

Oslo creates a stunning working environment that encourages teamwork, efficiency and provides a stylish workspace that anyone would aspire to inhabit.

#### Desks feature:

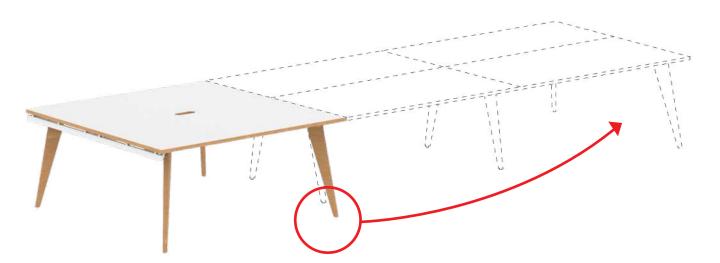

- Triple cable management scallops
- Flyover sliding desktops
- Integrated location for screens
- 25mm heat and stain resistant tops
- 2mm thick ABS colour contrast edging
- Strong steel subframe
- Floor levellers

### Step 1

Decide on either a single starter desk or a back-to-back pod of two desks (shownbelow in colour).

### Step 2

Add an extension desk to match your single or back-to-back starter desk choice. The extension can be any width you decide. The dotted line drawing shows a typical back-to-back extension with a back-to-back starter unit.

### **Notes**

Each extension desk comes with a smaller mini leg unit. This gives users improved leg space under the desk and provides an economical way to extend the starter desk. The full depth leg unit that comes with the starter unit goes at the end of the desking suite as shown on the far right of the line drawing to finish off a run.

# **EVOLVE PLUS BENCH**

Experience workspace perfection with the Evolve Plus bench desking system.

It's more than just a desk; it's a masterpiece of design and engineering that effortlessly transforms your workspace into a thriving hub of creativity and collaboration.

Starting with a single starter desk, you can expand your workspace limitlessly by adding extension desks. Our thoughtfully designed configurations, including double, triple, and six-pod setups, to open up endless possibilities.

To enhance your workspace's visual appeal, we offer a diverse selection of wood-finished sliding tops that seamlessly complement our storage and Impulse ranges.

Embrace the evolution of workspace with Evolve Plus, where design and functionality harmonise to meet your ever-changing business needs.

Designed with an innovative sliding top mechanism that enhances the desk's functionality and adaptability.

### **EXTENSION KIT**

Expand your existing bench desking with a single or back-to-back extension kit to create additional working space whenever needed.

# ADD YOUR DESK ACCESSORIES (SEE PAGES 41 & 88 FOR THE FULL RANGE)

ADD ON 2 ADDITIONAL CABLE MANAGEMENT

# **EVOLVE PLUS BENCH**

Future proof your desking solutions with the system that can grow, reduce or alter shape easily and without fuss.

Evolve Plus desks can start with a single starter desk, or a back-to-back two desk pod. Extension units of varying sizes economically add to the length of the desking run, encouraging teamworking and maximising valuable space.

#### Desks feature:

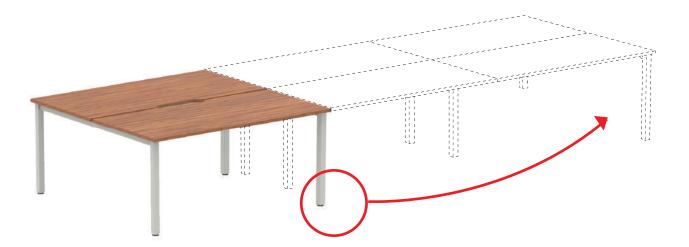

- · Scalloped wire management cut-out
- Integrated fitting locator for Evolve Plus screens
- 25mm tops with 2mm protective ABS edging
- Sliding tops for easy wire management
- Seven stunning finishes
- Floor levellers
- Telescopic extendable beam pack

### Step 1

Decide on either a single starter desk or a back-to-back pod of two desks (shownbelow in colour).

### Step 2

Add an extension desk to match your single or back-to-back starter desk choice. The extension can be any width you decide. The dotted line drawing shows a typical back-to-back extension with a back-to-back starter unit.

#### Notes

Each extension desk comes with a smaller mini leg unit. This gives users improved leg space under the desk and provides an economical way to extend the starter desk. The full depth leg unit that comes with the starter unit goes at the end of the desking suite as shown on the far right of the line drawing to finish off a run.

## **IMPULSE PLUS BENCH**

Future proof your desking solutions with the system that can grow, reduce or alter shape easily and without fuss.

Select either single starter desk or double back-to-back two pod bench system. By then adding the respective extension units you can extend the bench system to accommodate users as required.

#### Desks feature:

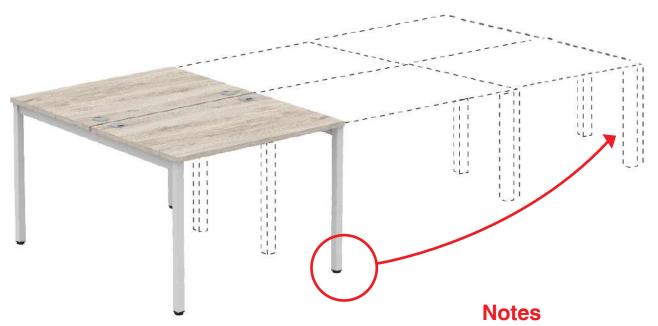

- Connecting frame system allows for easy adaptability
- · Stylish powder coated goal post leg design
- Double cable ports for easy cable management
- 25mm thick tops with 2mm protective edging
- Adjustable Feet
- Choice of 7 wood finishes and 3 leg colours
- · 2mm thick ABS colour contrast edging
- · Strong steel subframe
- Floor levellers

#### Step 1

Decide on either a single starter desk or a back-to-back pod of two desks (shownbelow in colour).

#### Step 2

Add an extension desk to match your single or back-to-back starter desk choice. The extension can be any width you decide. The dotted line drawing shows a typical back-to-back extension with a back-to-back starter unit.

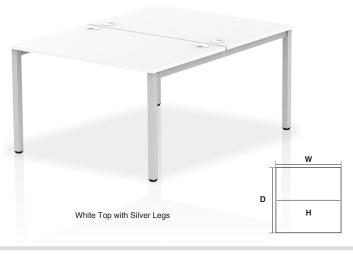

Each extension desk comes with a smaller mini leg unit. This gives users improved leg space under the desk and provides an economical way to extend the starter desk. The full depth leg unit that comes with the starter unit goes at the end of the desking suite as shown on the far right of the line drawing to finish off a run.

# IMPULSE CONTRACT DESKS WITH CABLE MANAGEMENT CANTILEVER LEG

# CABLE MANAGEMENT SOLUTIONS

Specially designed cable management panels effortlessly handle power, IT, and communication wiring within the space.

# FUNCTIONAL WORKSTATIONS

Included floor levellers and 2mm ABS protective edges contribute to enhancing user comfort and the functional aspects of the product.

#### **MODERN DESIGN**

Designer decor panels, featuring intricate perforations, serve a dual purpose: not only do they make a striking visual statement, but they also serve a practical function.

#### **FINISH OPTIONS**

Select from six captivating high-definition wood grain finishes or opt for a striking White variant.

IPTCT6	600mm	600mm	2 users	L:475mm	£391	M:720mm	£417	H:1145mm	£447
IPTCT8	800mm	800mm	4 users	L:475mm	£408	M:720mm	£436	H:1145mm	£469
IPTCT10	1000mm	1000mm	4 users	L:475mm	£475	M:720mm	£487	H:1145mm	£517

#### ITALIA RECTANGLE TABLE - 800MM DEEP

For 475mm high use suffix L, for 720mm high use suffix M, for 1145mm high use suffix H. Follow this with the colour suffix for your finish of choice.

- 25mm thick desktop profile
- Dual, brushed stainless steel effect circular base (580mm diameter)
- Brushed stainless steel pillars (76mm diameter)
- Weighted base provides stability
- Two part bolted frame system

Code	Width	Depth	Suggested User Qty	Height	RRP	Height	RRP	Height	RRP
IPTFR12	1200mm	800mm	4 users	L: 475mm	£709	M:720mm	£734	H:1145mm	£794
IPTFR14	1400mm	800mm	4-6 users	L: 475mm	£723	M:720mm	£747	H:1145mm	£817
IPTFR16	1600mm	800mm	6 users	L: 475mm	£734	M:720mm	£760	H:1145mm	£842
IPTFR18	1800mm	800mm	6 users	L: 475mm	£747	M:720mm	£772	H:1145mm	£866

Select the finish by adding the top colour suffix followed by the leg colour suffix to the end of a product code; an example code: IPTRM12HGRYS is a High 1200mm Round Table in Grey Oak top finish with Silver Legs.

Walnut (WNT) White (WHT)

## **STORAGE**

Our superb selection of storage solutions, encompassing pedestals, desk storage cupboards, and bookcases, effortlessly complements the Impulse, Evolve Plus, and even Air Sit Stand ranges. Elevate your work environment with these graceful enhancements, meticulously crafted to blend both form and function seamlessly.

Our pedestals transcend the realm of simple storage units. Imbued with precision and meticulous attention to detail, these pedestal units seamlessly integrate with your desk, providing discreet storage for your essentials while elevating the aesthetic appeal of your workspace.

For those in search of comprehensive storage solutions, our desk storage cupboards stand as the ideal choice. Crafted with versatility as a guiding principle, these cupboards offer generous space for the organised storage of your documents, stationery, and personal belongings, all within easy reach.

Introduce an element of refined sophistication to your office or study with our curated collection of bookcases. These timeless pieces not only serve as elegant showcases for your literary treasures but also present versatile storage alternatives for your convenience.

## **HIGH GLOSS**

Elevate your meetings to a level of inspiration, where every interaction resonates with confidence and quality. Our captivating High Gloss furniture collection accomplishes just that, transforming your meeting space into a conference atmosphere that radiates sophistication.

Available in striking White or polished Black super sheen finish, our furniture suites feature impressive 25mm tops that exude a sense of luxury and durability. The tables are expertly mounted on sleek Silver curved legs, supported by a Silver sub-frame, and thoughtfully equipped with built-in floor levellers for impeccable stability.

Enhance your workspace with our range of storage solutions, including matching cupboards and a generously proportioned double-width one-top credenza unit. These elements seamlessly integrate with the High Gloss furniture, offering functional storage solutions without compromising on style or elegance.

Complete the ensemble with our extensive selection of visitor and conference chairs, allowing you to customise your meeting space to your exact specifications. With our High Gloss furniture, you'll not only create a space that commands attention but also one that inspires collaboration and excellence.

## IMPULSE PLUS SCREENS

Elevate your workspace with Impulse Plus screens for desking, where function meets style in perfect harmony. These screens have been precisely designed to enhance your work environment, providing both privacy and an aesthetic touch that complements your office decor.

Our Impulse Plus screens come with a choice of upholstery that can be tailored to your personal taste, allowing you to create a workspace that reflects your unique style. Whether you prefer a classic, understated look or a bold, vibrant statement, our range of upholstery options ensures your screens seamlessly integrate with your office aesthetics.

These screens are not just about aesthetics; they also serve a practical purpose. They provide the privacy you need to concentrate on your tasks while reducing distractions. Their versatile design allows for easy integration with various desk configurations, making them a valuable addition to any workspace.

Experience the perfect blend of form and function with Impulse Plus screens for desking, where your choice of upholstery adds a touch of sophistication and personalisation to your workspace. Elevate your office environment and transform it into a haven of productivity and style.

### **EXTENSIVE VARIETY**

Our screens are available in an array of different shapes and sizes, each coming equipped with clamps to seamlessly attach to our Impulse desking or with feet for effortless floor placement.

### **DURABLE**

Each screen features frames coated with thermoset polyester powder, foam treated for combustion modification, and fabrics designed to be flame retardant, all aimed at ensuring the utmost safety and quality standards.

### ABUNDANT TONES

Our screens are typically available in a huge range of fabrics and colours. We have, however, selected the nine most popular to make ordering simple.

### RAPID PRODUCTION

Our screens can be supplied typically within five working days of order making it one of the largest express delivery screen ranges available today.

## **SEATING**

'We've got your back'

Additional support for the long term user that requires further head and neck support.

Lumbar Support

The most critical area of the S shape spine is the lumbar. We have fixed and adjustable lumbar support options, the

latter either operated by twist grip or inflating bulbs.

### **Seat Tilt**

This will give the user a rocking action that can be tension adjusted. The seat tilt can also be locked in a variety of positions when coincided with a lock/tilt mechanism.

**Mechanism & Levers** 

This determines the 'action' of the product. The way the seat moves in relation to the back. All levers are ergonomically shaped and placed for easeof-use.

**Seat Height** 

A gas lift strut makes adjusting chair height easy. Lifting the lever releases the automatic gas piston and allows the chair to rise.

Seating has developed massively, even in the last decade. Now users weight, build, usage and tasks all contribute to finding the perfect product.

It is one of the very few areas in the office that will provide an improvement in health and efficiency.

Feature-rich posture, task, ergonomic, operator, heavy duty and 24 hour chairs all provide outstanding support and comfort - and that translates to more efficiency at work.

This guide helps explain some of the features that make our chairs the envy of everyone.

### **Backrest**

Backrests are available as either fixed or adjustable to provide a variety of options.

### **Armrests**

Armrests can be static loop style or height adjusting to fit each individual user. Further options include flip back or folding arms that can be easily stowed.

Seat Slide

Users with longer or shorter legs often choose to use a seat slide for the optimum seating position for their personal needs.

Castors

All our swivel chairs have twin wheel, high impact castors. This ensures they run smoothly over the average eight miles they travel each year.

## MOVEMENT AND PRODUCT ICONS

### **GAS HEIGHT ADJUSTMENT**

Power assisted gas safety lift to raise height of seat.

### **KNEE TILT**

Scissor shaped forward mounted tilt. This tilts the chair from the back of the knee; avoiding pressure points.

### **RATCHET BACKREST**

Drop the backrest to the lowest position and as you lift it to different heights, it locks on a ratchet.

#### **HEADREST**

Provides support to head and neck muscles.

### SYNCHRONISED TILT MECHANISM

Backrest and seat recline together with approx 2:1 ratio in free float or locked action.

#### **ANTI-SHOCK**

Prevents user being thrown forward when back or seat adjustments are released.

### **ADJUSTABLE LUMBAR SUPPORT**

Enhances lower back comfort with variable support feature.

### **ADJUSTABLE HEADREST**

Headrest moves for optimum support and comfort.

### **SEAT ANGLE ADJUSTMENT**

Seat angle is adjusted by a lever to meet ideal sitting position.

### **AUTO TILT TENSIONER**

Automatically adjusts the tension on tilt mechanisms to suit individual needs.

#### **INTEGRAL LUMBAR**

A lumbar support within the chair to support lower back.

#### **POSTURE SEATING**

Chairs designed & engineered to provide supreme comfort, support & healthimproving features.

### **ADJUSTABLE OR** FREE FLOAT BACK

Permanent Contact Back (PCB) can be locked or can be free to float at any angle.

### **TILT TENSION ADJUSTMENT**

Alters the amount of pressure required to tilt a chair depending on weight, build or preference.

### **FIXED ARMRESTS**

Provides forearm support for mouse and monitor users.

### **WEIGHT**

The maximum weight is stated in the icon, typically 125kgs. We also have heavier ratings up to 222kgs.

### INDEPENDENT SEAT & BACK

Asynchronous adjustment. Seat & backrest can be locked in any position independently.

#### **SEAT SLIDE**

Adjusts the seat depth to fit your lower body and reduce any pressure trap points.

### **HEIGHT ADJUSTABLE ARMREST**

Armrests with various heights for better forearm support and comfort.

#### **USAGE**

Most chairs are rated to perform throughout a normal eight hour working day.

### **INFINITE LOCK MECHANISM**

Two lever: Adjust seat and back recline angle as one. Lockable in any reclined position.

### **SEAT DEPTH ADJUSTMENT**

Change the seating area for larger/ smaller size to suit longer/shorter legs.

#### **FOLDING ARMREST**

Arms that can fold away to enable users to get closer to desk.

Certain products are designed and built for 24-hour usage, EN5459 Certification is the official certification that confirms this.

### **LOCK TILT MOTION**

Single lever locks chair in upright position or allows free tilting movement.

### **HEIGHT ADJUSTABLE BACKREST**

Allows variation of back height to suit different builds and preferences.

### **ADJUSTABLE ARMREST**

Sometimes called a 3D arm; they adjust for height, width and depth providing ultimate personalisation.

## **POSTURE SEATING**

In the United Kingdom, work-related musculoskeletal disorders, particularly caused by back pain and poor posture, lead to a significant loss of working hours.

Our range of innovative, stylish, and high-quality posture chairs has been meticulously designed to offer exceptional support and a high degree of adjustability. These chairs are tailored to accommodate your optimal sitting position, ensuring comfort and well-being. Each chair within our posture collection boasts multiple functions, empowering users to configure their chairs to suit their specific requirements, taking into consideration factors such as height, weight, build, and intended usage.

Investing in posture seating isn't just a commitment to enhanced efficiency and comfort; it's a crucial investment in your overall health and well-being.

#### **CHIROPRACTOR ENDORSED CHAIRS**

It takes a very special design to win the approval of one of the UK's top specialist chiropractors. Leading healthcare professional Robert Bateman has tested and endorsed our posture chairs.

#### Dr Bateman comments:

"Back pain is currently the largest reported reason for sickness absence. The staff that use a chair promoting good posture with the correct support will be more productive and efficient with a noticeable increase in customer satisfaction and decreased absence levels. The correct chair is not an expense; it is an investment in your bottom line profitability."

## CHIRO PLUS RANGE

Back pain and its associated injuries have become the primary culprits behind the loss of work hours, outpacing all other factors. This issue is on the rise, affecting a growing number of individuals, often due to the prevalent poor seating postures in office environments.

Meet the Chiro High Back and Medium Back chairs, thoughtfully designed with ergonomics in mind, offering comprehensive functionality to suit every individual's unique physique. These chairs come equipped with an array of features and adaptability, ensuring they deliver optimal support to each user. They not only provide relief for those grappling with back pain but also act as a preventive measure against posture-related health problems.

Endorsed by the esteemed chiropractor, Dr. Robert Bateman, these chairs not only excel in functionality but also grant you the freedom to customize them with upholstery fabrics of your choice, extending beyond the standard options. The Chiros are not only champions of functionality and quality but have also earned their status as one of our most sought-after and value-driven seating solutions, thanks to their captivating design.

## SUPERIOR POSTURE SUPPORT

Approved by a UK chiropractic doctor, offering contoured foam for maximum comfort and support.

**ADJUSTABLE LUMBAR** 

Height and depth-adjustable lumbar support to alleviate lower back strain.

## TRIPLE LEVER MECHANISM

Features a synchro tilt with seat slide for ultimate customisation and ergonomic alignment.

**HEADREST & ARMS** 

Multi-adjustable headrest and armrests ensure a personalised fit for any user.

## **CHIRO** RANGE

Back pain is a leading cause of lost work hours, often stemming from poor seating posture in office environments. The issue continues to grow, affecting countless individuals daily.

The Chiro High Back and Medium Back chairs have been meticulously crafted to provide exceptional ergonomic support, designed to accommodate a variety of body shapes and sizes. With a range of adjustable features, these chairs deliver personalised comfort, making them ideal for addressing existing back pain while helping to prevent posture-related issues.

Endorsed by renowned chiropractor Dr. Robert Bateman, the Chiro range combines functionality, comfort, and style. The chairs also offer the flexibility of custom upholstery options, allowing you to tailor them to your preferences. Known for their excellent value and distinctive design, the Chiro chairs remain a popular choice for those seeking dependable and ergonomic seating solutions.

Independent tilt adjustment ensures personalised ergonomic comfort for every user.

**SEAT SLIDE** 

Depth-adjustable seat slide allows a customised fit for all body types.

## **ERGO** Click Plus

Elevate your posture to heights of excellence with the Ergo Click Plus chair, featuring cutting-edge "fly by wire" technology that empowers you with effortless control over key adjustments. Redefining design and posture support, the ErgoClick sets the gold standard.

Elevate your seating experience with the Ergo Click Plus chair, where every detail is designed to provide you with the utmost comfort and support. Choose between a designer mesh or fabrimesh finish to match your style preferences. Experience the luxury of a multi-functional synchronised tilt mechanism that seamlessly adapts to your every movement, ensuring optimum comfort. The chair also offers the convenience of auto-adjusting lumbar support, guaranteeing your back's well-being. Enjoy flexibility with a seat slide that accommodates your unique seating preferences, and revel in the innovative split backrest design that offers superior support.

Personalise your comfort with ratchet adjustable arms and backrest, finding your ideal position effortlessly. With pivoting soft padded arms enhancing ergonomics and an adjustable headrest to cater to your individual needs, this chair is designed with you in mind. Plus, invest in durability with its chrome robust frame and chic 5-star base, ensuring both longevity and style in your workspace.

**FLY BY WIRE** 

This unique technology puts key adjustments at your fingertips, being able to control height and recline adjustments.

**SEAT SLIDE** 

Featured across the Ergo range the ergonomic seat slide makes these chairs suitable for all sizes.

#### **TENSION CONTROLLER**

A hidden feature that enables the user to control the tension of the recline adjustment.

**MULTI FUNCTIONAL** 

A headrest that supports your every need.

# **ECLIPSE PLUS RANGE**

Meet the Eclipse family, your versatile everyday operator chair designed to thrive in a multitude of environments, from bustling call centres to the comfort of your home office. With its adaptable backrest that can be reclined and securely locked in any position, or used for continuous contact and support, the Eclipse Plus is the ideal choice for those who require enduring comfort throughout their workday.

Choose from a variety of four standard upholstery options to suit your preference or opt for bespoke upholstery to match corporate branding or personal style. This chair is not only visually appealing but also thoughtfully designed with features like a cushioned seat pad with a waterfall front, a contoured backrest for enhanced comfort, and a twin lever mechanism for gas lift and backrest tilt control. The Eclipse range also offers backrest angle adjustment and the option to include armrests or a Hi Rise Draughtsman kit, ensuring it caters to your specific needs, whatever they may be.

# **ECLIPSE PLUS XL**

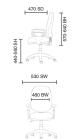

- Generously dimensioned seat and back
- Multifunctional mechanism

# HEAVY DUTY SEATING

Embracing diversity in body shapes and sizes, we believe in providing style and satisfaction without compromise. Our 'Heavy Duty' range of products is tailored to accommodate users weighing up to 35 stone (222kg), ensuring that everyone in the office can enjoy a comfortable seating experience that meets their unique requirements.

The components of products within this category are specially designed to meet these demands, featuring a thicker seat pan, uprated gas stem and castors for enhanced durability, generous seating and back panels, thicker and higher density foam for added comfort, more securing bolts with thicker threads for increased stability, and a robust mechanism with an increased thickness and gauge of steel. With our 'Heavy Duty' products, we prioritize not only style but also the utmost satisfaction and support for all individuals, regardless of their size or shape.

# STEALTH II

The Stealth II chair offers a spacious seating experience, providing exceptional comfort and unwavering reliability to all users. This meticulously crafted 24-hour chair is engineered to excel even in the most challenging environments.

The Stealth II comes in two variations: one featuring a full-mesh design and the other boasting a deeply cushioned airmesh fabric with a mesh back configuration. Additionally, it offers the option of height-adjustable headrests for added customisation and support.

### **HEAVY-DUTY DESIGN**

Built for demanding environments with generous dimensions and robust construction.

### **ADVANCED ERGONOMIC**

Height and depth-adjustable lumbar support, ergonomic seat slide, and weight tilt tension control.

# SYNCHRO TILT MECHANISM

Twin lever multi-lock system with anti-shock functionality for ultimate customisation.

# ADJUSTABLE ARMRESTS

Height-adjustable arms with soft, pivoting armrests for enhanced user comfort.

# **EXECUTIVE SEATING**

In today's fast-paced corporate landscape, the expectations placed upon modern-day executives have never been greater. These individuals are required to maintain peak efficiency while frequently navigating extended working hours and high-stress environments. Whether you're a mid-manager or a top-level executive, the roles and responsibilities you undertake are multifaceted and demanding.

In such a demanding work environment, the significance of having stylish and comfortable seating cannot be overstated. It goes beyond mere aesthetics; it plays a pivotal role in providing essential support and a range of functions that are vital for achieving optimal performance in the workplace. Whether it's ergonomic design for superior comfort during long hours or adaptable features that cater to the unique needs of each user, having the right seating solution is paramount for executives striving to excel in their roles.

# **EXECUTIVE SEATING**

# **ZURE** RANGE

Embark on a journey to unparalleled comfort with the Zure chair, boldly venturing into realms of seating satisfaction. Our exceptional range of this distinctively stylish and posture-perfect seating solution offers an array of choices to suit your preferences. Whether you prefer the refined mesh, full upholstery, partial upholstery, or the strikingly flexible elastomer options, Zure has it all.

With carefully contoured seat and backrest, Zure ensures maximum comfort, while its high-quality outer skeleton envelops the user in touchpoint technology. The fabric and leather versions boast padded armrests, not only providing visual appeal but also enhancing comfort. On the elastomer variations, you'll find color-coded armrests adding a touch of vibrancy. The chair's polished aluminium base features highlighted castor detailing, completing its contemporary look.

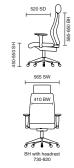

# ZURE ELASTOMER

- Adjustable tilt tension control with easy use crank handle
- Coated aluminium base with colour coordinated castors
- Ingenious elastomer surfaces mould to your body shape

# **VISITOR & CONFERENCE SEATING**

Meetings – whether you embrace them or not, they often serve as the crucible for forging successful business ventures In the contemporary, collaborative office environment, the notion of a company being the sole creation of one individual is increasingly rare. The era of collective thinking underscores the importance of harmonizing efforts to maximize our combined potential. This is where the significance of well-structured and effective meetings comes into play.

Whether you're engaged in discussions regarding the next sales and marketing campaign, negotiating pivotal deals, delving into intricate commercial details, or devising innovative internal work methodologies, performing at your best during meetings is paramount. Our range of seating options, designed for comfort, functionality, and style, will ensure you stay refreshed, engaged, and at ease. Our designers have meticulously crafted a diverse portfolio of seating solutions that cater to every need and budget, ensuring that your meetings are not just productive but also comfortable and purposeful.

# **DESIGN SOFT SEATING RANGE**

Engineering bespoke furniture solutions, designed and manufactured in the UK, with unparalleled precision and innovation.

We are proud to unveil our latest investment: a state-of-the-art manufacturing facility dedicated to creating bespoke furniture that elevates spaces across the UK. This cutting-edge facility is a testament to our commitment to quality, innovation, and customer-centric design.

# **OUR PROMISE TO YOU**

This new chapter in our journey is about more than just furniture - it's about creating experiences. With us, you can expect:

- Tailored designs to suit every project.
- · Uncompromising quality in every detail.
- Shorter lead times with our enhanced production capabilities.

# **UK DESIGNED & MANUFACTURED**

Our new Design Soft Seating product range combines contemporary design with exceptional comfort and durability. The selected range is crafted with high-quality, durable fabrics and cushions designed to retain their shape, ensuring long-lasting performance. With ergonomic support built into each piece, users can enjoy all-day comfort, whether sitting for meetings or casual gatherings. Available in an array of colours and textures, the collection is perfect for creating inviting, flexible environments that promote productivity and relaxation.

#### Flexibility to Create Your Perfect Workspace

Our bespoke solutions allow you to:

**Choose from any fabric:** With access to six fast-track fabric ranges and the option to use your own fabric, the choice is yours.

**Select custom finishes:** From vibrant hues to understated tones, our finishing options bring your ideas to life.

**Modify designs:** Adjust dimensions, configurations and layouts to fit into your space.

## **Collaborative Design Process**

Our dedicated design team works closely with you at every step, from the initial concept to the final product. With our expertise in UK design and manufacturing, we ensure every detail is tailored to your specifications.

**Visualize your ideas:** Our 3D rendering capabilities let you see your designs before they are crafted.

**Streamlined production:** With the most up-to-date machinery, we offer faster turnaround times without compromising on quality.

**Expert consultation:** Our specialists guide you through material choices, ergonomic considerations, and more.

#### **Crafted for Excellence**

Proudly designed and manufactured in the UK, each bespoke piece combines imaginative design with high-quality materials. Whether you're after a contemporary or timeless look, our furniture is built to enhance your workspace and stand the test of time.

## Why Choose us for Your Bespoke Needs?

**Sustainability:** Using responsibly sourced materials and local manufacturing, we reduce our environmental impact.

**Unparalleled quality:** Every piece undergoes meticulous quality control to meet the highest standards.

**Exceptional service:** From start to finish, we're here to ensure your furniture reflects your vision.

## **BESPOKE UPHOLSTERY**

Our upholstery studio brings together skilled craftsmen to create custom seating and screening solutions. Choose from a wide range of hues, textures, and fabrics, including non-standard options that support corporate branding, define business areas, or reflect personal taste. We offer a fast turnaround on fabric selections, giving our customers a competitive edge.

## **CAMIRA** FABRIC GUIDE

Our primary partner is Camira Fabrics who are one of the world's leading manufacturers of fabrics for commercial interiors market from their base in Yorkshire, England. They make more than eight million metres of fabric a year and are registered to ISO 9001 and 14001 standards.

Our Fast Track textiles selection features Camira's best-selling ranges Phoenix, Xtreme, Rivet and Quest.

**Phoenix** is a heavy-duty, 100% flame retardant polyester fabric.

This range has EN 1021–1&2 Cigarette & Match flammability rating and BS 7176 low hazard rating, with 10 years guarantee and rated to up to 100,000 Martindale rub testing.

**Xtreme** is a heavy-duty, 100% recycled flame retardant polyester fabric.

This range has EN 1021–1&2 Cigarette & Match flammability rating, BS 7176 low & medium hazard rating and BS 5852 Crib 5, with 10 years guarantee and certified to up to 100,000 Martindale rub cycles.

**Rivet** is a heavy-duty, 100% recycled flame retardant polyester fabric made from used plastic bottles. This range has EN 1021–1&2 Cigarette & Match flammability rating and BS 7176 low hazard rating, with 10 years guarantee and rated to up to 80,000 Martindale rub testing.

**Quest** is a heavy-duty, 100% recycled flame retardant polyester fabric containing **SEAQUAL® YARN** made from used plastic bottles, created in partnership with the SEAQUAL INITIATIVE to combat marine plastic pollution. This range has EN 1021–1&2 Cigarette & Match flammability rating, BS 7176 low hazard rating, with 10 years guarantee and certified to up to 100,000 Martindale rub cycles.

You can view the ranges and certifications at www.camirafabrics.com/fabrics-and-samples

## MACFLEX VINYL GUIDE

Our first line vinyl supplier is the family-run Macflex international. We stock a large range of their contract vinyls and can access others immediately.

Their vinyls cover educational, commercial, leisure, public seating and hospitality sectors.

There are also specialist wipe-clean vinyls for industrial and heavy-duty use, fabrics for healthcare and similar areas that feature an antibacterial or anti-fungal treatment.

You can view the ranges and certifications at www.macflex.com/contract-upholstery

We can also upholster in any fabric range and colour choice from suppliers including Camira, Macflex, Chieftain, Lexaire, Agua, Inloom, Panaz, Gabriel and many more.

Please get in touch with our <a href="mailto:quotes@dynamicos.co.uk">quotes@dynamicos.co.uk</a> for your custom upholstery quote.

## **FAST-TRACK** FABRIC GUIDE

We understand that time is often of the essence, which is why we offer rapid turnaround times on our selection of fast-track fabrics. These fabrics are designed to be available on a shorter lead time, ensuring that you can access stylish and durable seating solutions quickly. Whether you're working on a tight schedule or need to meet deadlines, our fast-track fabrics provide the perfect balance of speed and quality. Rest assured, you'll get high-performance materials without the wait, allowing you to complete your projects with efficiency and ease.

#### **BAND 1**

#### BAND 2 - made with SEAQUAL® YARN (Quest)

## SEAQUAL INITIATIVE - The unique collaborative community fighting plastic pollution

We advocate sustainability and are always looking for the most eco-friendly options when providing office solutions for our customers. That is why we are excited to introduce a Band 2 fast-track fabric, **Quest**, made with **SEAQUAL® YARN**. This high quality 100% post-consumer recycled polyester yarn contains approximately 10% SEAQUAL® MARINE PLASTIC (from plastic marine litter) and 90% post-consumer PET from land sources and is a end result of SEAQUAL INITIATIVE recycling efforts.

SEAQUAL INITIATIVE collaborates with brands and manufacturers to bring products made with SEAQUAL® MARINE PLASTIC to market.

Upcycled Marine Plastic by SEAQUAL INITIATIVE has material traceability and certification. It contains a unique identifying tracer. Products made with Upcycled Marine Plastic are certified by SEAQUAL LAB.

## **WORKSPACE & ACCESSORIES**

Designing the perfect office ambiance is a comprehensive task that extends beyond the simple act of acquiring a chair or opting for an alternative desk.

Your office environment places an array of demands upon you, and some of these can be satisfied by customizing a chair to deliver the exact performance or style you desire.

Other demands revolve around the creation of an aesthetically pleasing workspace that significantly impacts the appearance and effectiveness of your work area.

Our carefully curated assortment of accessories and workspace solutions is tailored to ensure that your work environment remains precisely as you desire it: enjoyable, efficient, and visually appealing.
